### INFORMATION ONLY

In accordance with the work plan approved by Council April 9, staff has compiled a chronology of the Council and Redevelopment Agency Board actions taken in connection with the New Civic Center Project.

The chronology binder begins with a brief overview summarizing each significant action, followed by a reference guide to assist in locating dates on which key subjects were addressed. The remainder of the binder is organized into sections corresponding to each major project phase: First Major Steps, Conceptual Design, Schematic Design, Design Development, and Construction Document. For each Council date, we have included:

- A green summary page reviewing the key provisions of the memos and Council actions taken,
- The Council agenda synopsis, and
- Copies of each memo submitted on that date, by staff, the Mayor, or Councilmembers.

This chronology will be included by reference in the staff report summarizing the analysis of Civic Center alternative sites at its May 14 meeting.

If you have questions or comments, please call me at x5658 or Peter Jensen at x3183.
